Social Engineering Course

Social Engineering Crash Course October 18, 2016 rbej 12 Comments Today Chris and Sarah are going to teach us all how to social engineer top secret customer information from companies that will always assure you that your information is completely secure.. By the end of this course, you'll understand how social engineers exploit our trusting nature and use charm, power, and influence to obtain information or to get the target to complete an action.. Today's ending song is Me Time by Busdriver
